

3Shape®: Integration with SureSmile® & Case Submission (Aligner & Ortho)

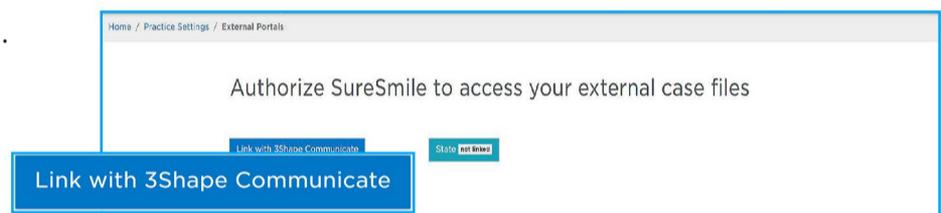

Connecting 3Shape Account to SureSmile®

SureSmile® users must establish a linkage with their 3Shape accounts.

Step 1. Log into login.suresmile.com
Navigate to the users settings on the top portion of the page, selecting "Administration", then "Practice Settings"; click on "Link External Portals".

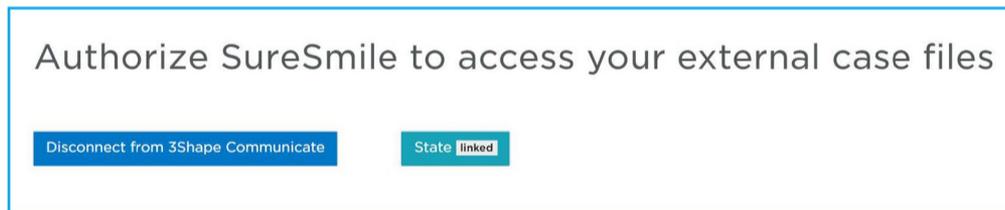

Step 2. Click on "Link with 3Shape Communicate" button. This will prompt a box to appear to fill in the user's credentials.

Step 3. Fill in your 3Shape credentials for the 3Shape Account to continue.

Step 4. A successful linkage will show confirmation.

Step 5. Navigate to the SureSmile® Patient Database page; the "3Shape Cases" button will now be available for importing 3Shape scans.

Assigning 3Shape Scans to Patients in SureSmile®

Step 1. Navigating back to the SureSmile® Patient Database, click on the "3Shape Cases" tab at the top of the page.

Click the "Synchronize" button below the "Tasks" tab to refresh the scans being imported.

Step 2. Locate the scan to be imported and click on the "Assign SureSmile patient" under the Action column to continue.

Action

Assign SureSmile patient

Step 3. The next page that populates will allow user to either create a new patient or find an existing SureSmile® patient to assign the scan to.

NOTE: If creating a new patient, choose "Full-service Aligner Staging" under the "Assign Scan data to Order".

Case Submission

Step 4. After scan is assigned, the next page will populate, allowing the user to upload patient Photos/X-rays and fill out the Dental Exam and Prescription for placing a SureSmile® clear aligner order.
